Many and varied are the goals we set for ourselves. Some are trivial, and some alter the courses of our lives. As we mature and our sense of value changes, our goals change; some of these aims are achieved, and some are cast aside. All contribute to our characters.

Our days spent at Riverdale are rich with experiences and friendships. The numerous ideas and impressions that we form from them result in our laying foundations for the aims of later life. Significant goals and honest efforts to reach them contribute to our being conscientious students, well-rounded persons, and contented individuals. As young Americans, our duty is to learn to establish goals and ambitions that are worthy of being sought.

Activities
Enhance the Goals
of an Eager Student
Body

Susan Masinter exhibits musical ability in a talent show.

The snack bar is a center of activity.

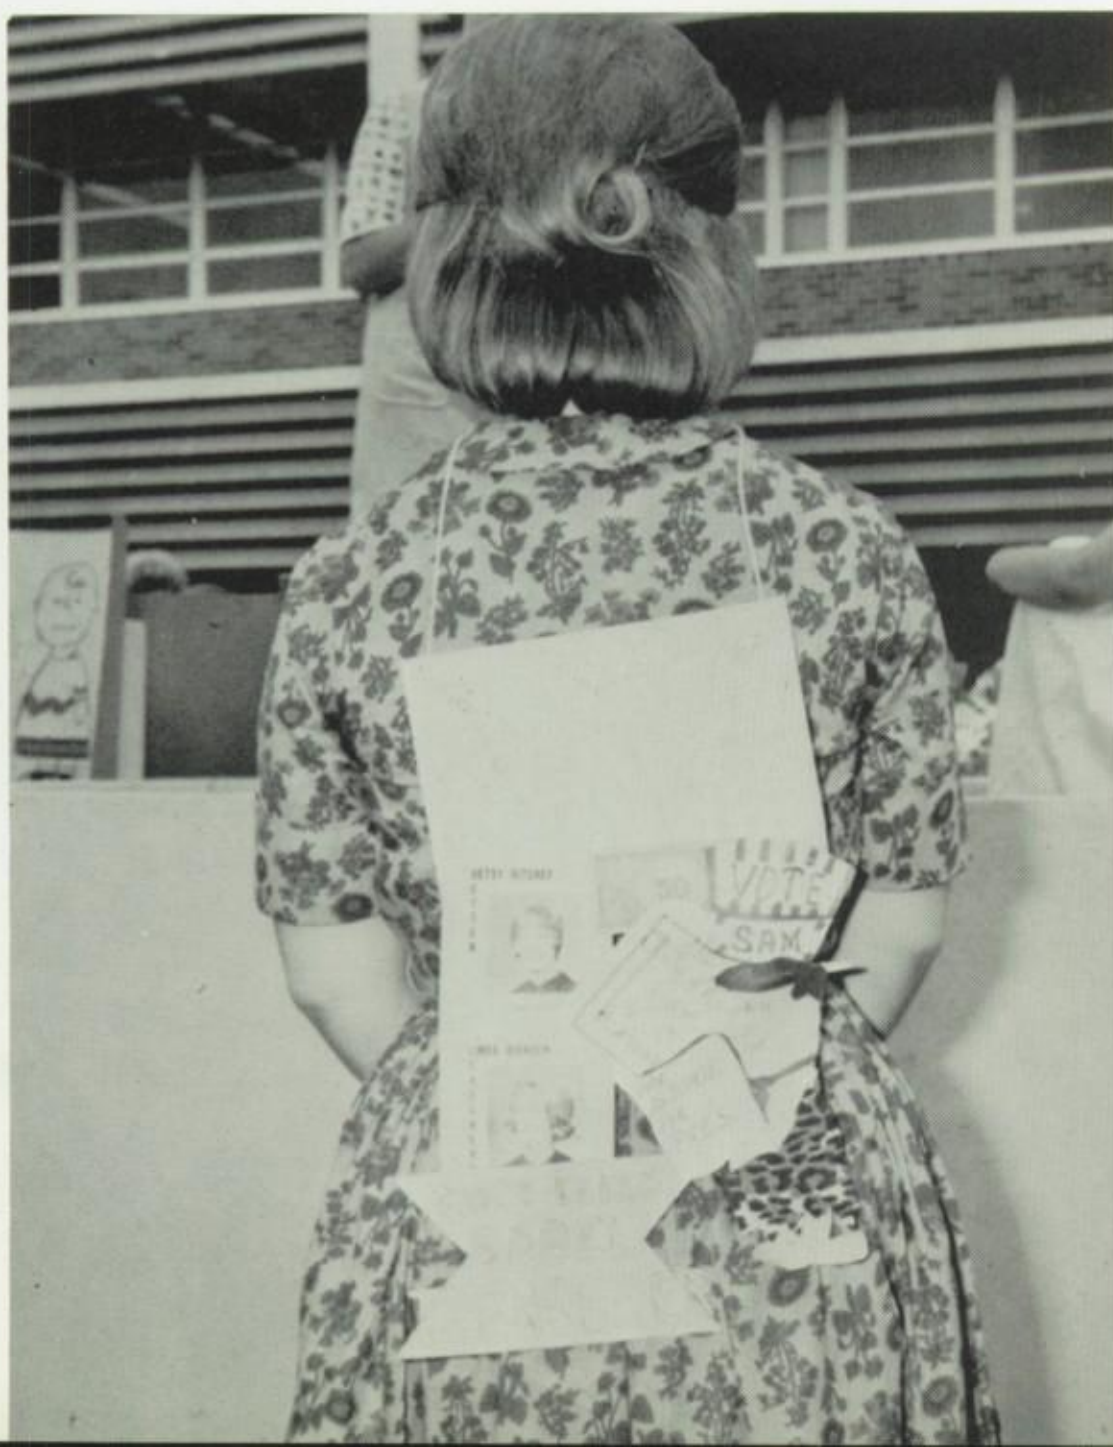

Education at Riverdale is not limited to classroom experience, although this aspect is fulfilled. Every day we meet new ideas and new challenges both in the classrooms and in personal encounters. Spare moments out of class are filled with activities, such as talent shows, athletics, campaigns, and various rallies.

Students meet classroom challenges daily.

Daily Life Is Active and Challenging

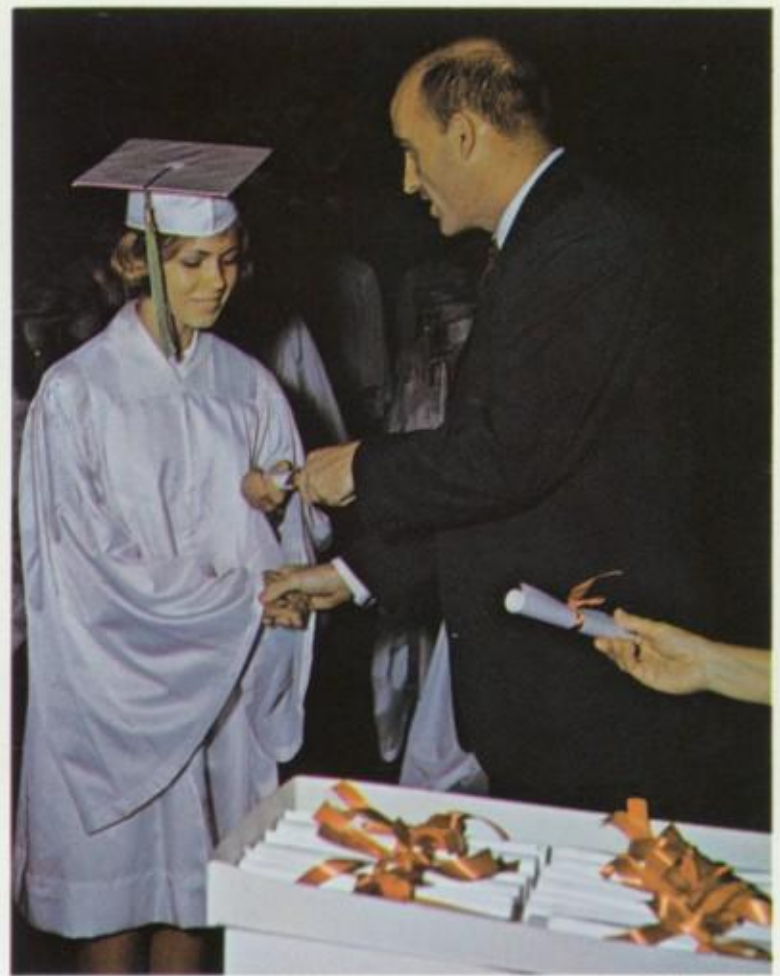

Stirring campaigns, as exemplified by Judy Jenkins, spur individuals to a decision.

Days of excitement and vigorous effort precede each election. Eye-catching posters and vote-getting gimmicks encourage each girl to cast the "right" vote.

This Lassie is a product of vigorous campaigning.

Graduation Climaxes Achievement

The faces of graduates mirror hope for the future, confidence in the past, and satisfaction that this phase of life has been completed. These feelings are reflected by the graduate as she receives her red-ribboned diploma.

Books Are Instrumental to Education and Enjoyment

National Honor Society members render a service to the school by transferring books to the new building.

The arrival of the yearbooks is an exciting time for all.

A Library Club representative entices new members on Skit Day.

Transporting books to classrooms from the book room is a full-time job.

The new building, which houses books, music classes, and the physical education wing, is shown in an early stage of its construction last spring.

Mrs. Donnelly supervises the dispersal of texts.

Awards and Honors Mark Achievement

Paula Schreiner, escorted by Barbara Cramer, becomes a member of the National Honor Society.

State Rally participants bring honor to Riverdale.

Lassies compete for a chance to represent East Jefferson as cheerleaders.

The ability to lead, the willingness to work, and the patience to succeed are the ingredients for achievement.

To those who have combined the elements of achievement, Riverdale presents awards. A student may have the honor of being selected for recognition on Awards Day, or of being tapped for the National Honor Society, or she may simply possess the satisfaction that follows a job well-done.

Mrs. Morgan presents Estelle Schaefer with an award for All-Star team participation.

The newly-announced Student Council officers' faces mirror enthusiasm for the year of work to follow.

Gay welcome signs and posters greet students on the opening days of school.

Three students admire the J. C. Penney Company's display in the home economics building.

Me Behind the
"4"
Sawmily"

An active student body, interested and involved in extra-curricular, as well as curricular, activities, typifies River-

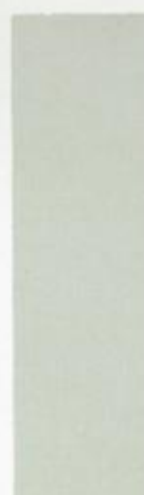

dale High School.

Service and social activities encourage student participation in group and community functions. Our membership in various organizations teaches us the importance of delegated responsibilities. Athletic activities show us the importance of physical fitness and healthy competition. Various honors and awards provide incentive and reward for achievement.

Varied activities such as these broaden our range of experiences which will govern our development as responsible citizens.

An active Student Council inspires an active student body. The Riverdale Student Council often works "behind the scenes" to promote school-spirited projects. Supporting the P.T.S.A. spaghetti supper, making and selling Sophomore bows for initiation, sponsoring leadership workshops and the "Name the Hall" contest and winning the state vice-presidency are only a few of the projects sponsored by the Student Council.

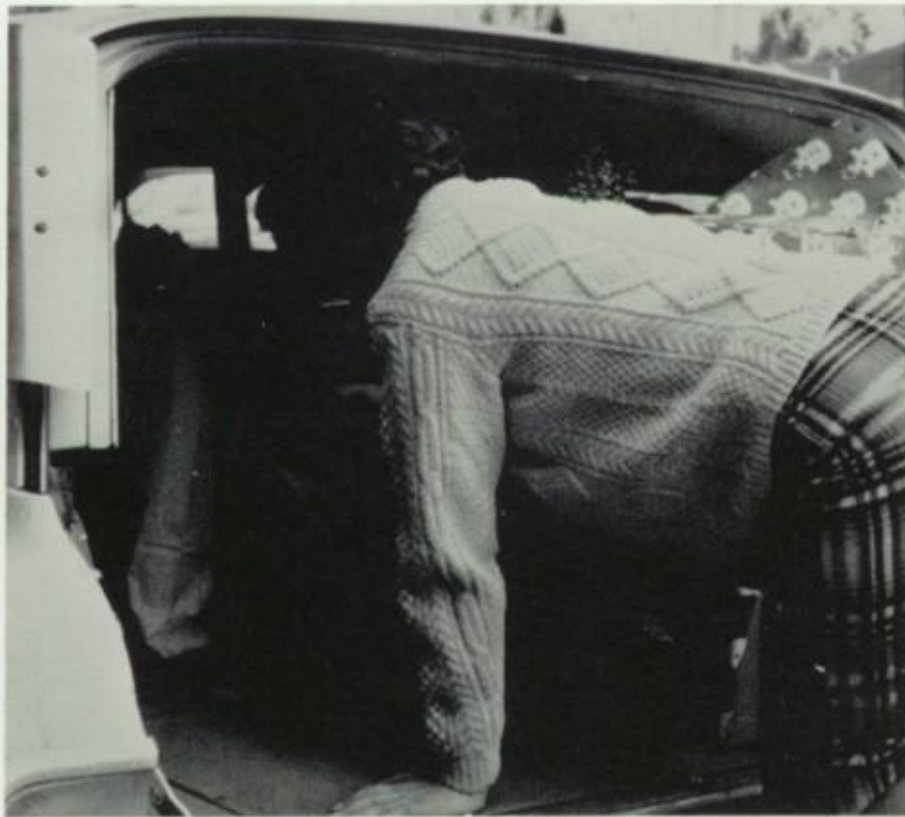

The theme of this Highlight Wheel is Junior Favorites.

The officers are:

President—Linda Hudgins

Vice-president—Mary Cunningham

Secretary—Phylliss Pierce

Treasurer—Cheryl Guidry

The music club endeavors to build a better understanding of music appreciation with students.

Mr. Prentiss spoke on Symphony Orchestras.

Janice Broostin, who wants to major in psychology, plans to attend LSUNO. Her hobbies include roller skating, ice skating, reading poetry, and playing her baritone uke, guitar, and accordion—"none of them very well." Janice dislikes cheese, loneliness, and snakes. When asked about the role of women in politics, Janice replied "I feel that a woman's place is wherever she is happiest."

Beth Clapper plans to attend USL, where she anticipates majoring in music or some phase in medicine. Beth likes pineapple and cocoanut, a feeling of accomplishment, and Latin. She dislikes spray net and highly teased hair, but her sister Lois comments, "She can put up with anything." When asked her opinion of the "typical teenager", Beth replied, "There are about two thousand two hundred in Riverdale, each typical in her own way."

Becki Grundon has not yet decided whether to attend Newcomb College or LSU. She wants to major in secondary education. "Yellow" and "IG-NORE" are among Becki's likes. She dislikes times when "I can't find things." When asked about hobbies, Becki replied, "Yearbook" ("who has time for other hobbies?") Concerning "typical teenagers", she thinks, "The word 'teenager' often suffers from unfair degradation. Therefore a typical teenager just does not exist."

Karen Kistrup, who plans to attend SLC or USL, desires to become a dietitian. Karen's likes include math, good books, and mountains. She dislikes "the picture the world seems to have about teenagers" and "people who talk and say nothing." Karen, when asked about the role of a woman in politics, replied, "Women can enter any field as long as they make a worthwhile contribution to it."

Seniors Excel in Scholarship

Linda Livers has decided to attend Montana State College, where she will major in either mathematics or education. Linda likes snow, the Rocky Mountains, and Volkswagens. She does not like crawling bugs and tactless people. When expressing her views on Riverdale Linda stated, "When I first found out that I was to attend an all girls' high school, I was disappointed. Now, although the social life is not like that of a co-ed school, I believe that the scholastic aspect of a girls' school is much more advantageous."

Carol McKenna hopes to attend Beloit College in Wisconsin where she plans to major in English. Carol likes street cars, stars, and "Peanuts." She dislikes naturally curly hair, basic sentences and unchallenging teachers. Carol believes, "Women, if qualified, should take an active part in our government." She does not feel however, "that a woman should be President, for women lack the emotional stability and projection on power."

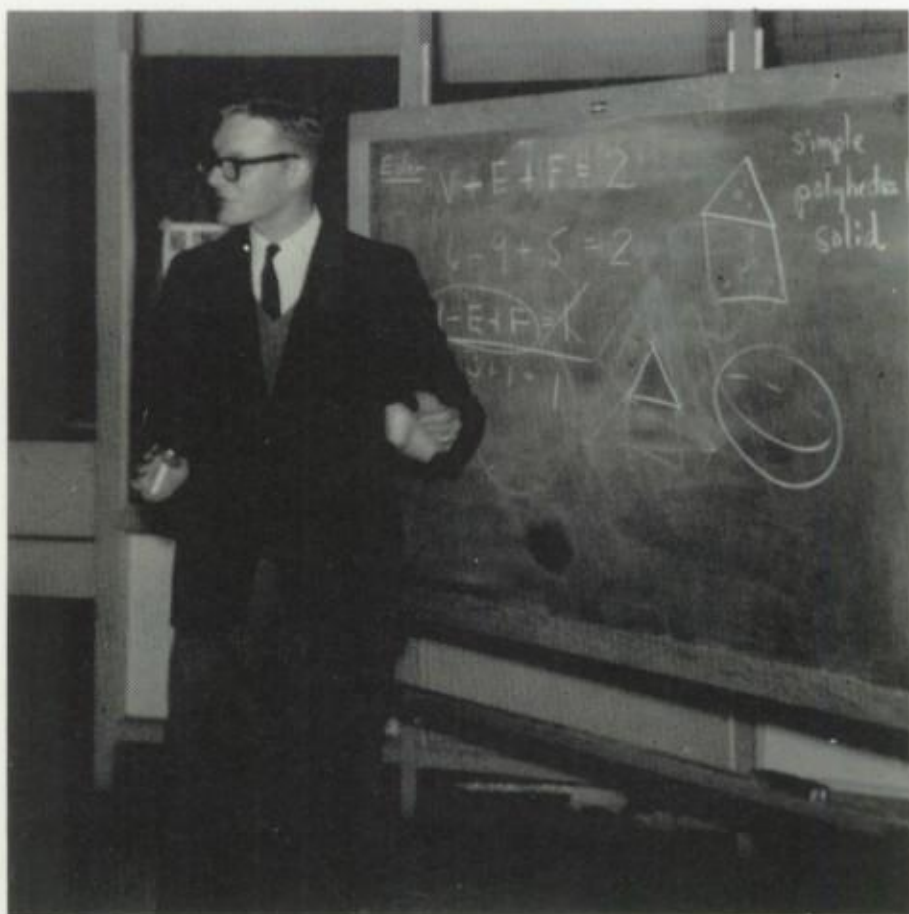

Sandra Morere plans to attend SLC. As she expects to become a history teacher, Sandra will major in social science education. Coinciding with her vocation preference, Sandra likes history, good music, blue, and chocolate candy. She dislikes meat balls and spaghetti, answering letters and rudeness. When asked about her ideas concerning the roles of women in politics, Sandra replied, "I believe that women have a place in politics, but that men will always dominate it."

Betsy Ritchey, "very undecided", expects to attend LSU where she will major in law, chemistry, or therapy. Betsy likes "Boodle", cotton candy, and red tennis shoes. Her dislikes are "ear-wigs", the great "I am", and fuzz-balls on sweaters. When asked about attending Riverdale, Betsy replied, "I have thoroughly enjoyed an all girls' high school, though most people won't believe me. I think the opportunities are greater, and I like the relaxed atmosphere."

Mr. Penny puzzles students with one-sided figures at the installation of new members.

Mu Alpha Theta, the National Math Honor Society, is organized for the purpose of furthering the understanding of and broadening the interest in mathematics.

At the Louisiana State Convention of Mu Alpha Theta held in Lafayette this year, Patsy Isaacson, Riverdale junior, was elected state president.

During the year the society supplies the school with assorted posters. For the Thanksgiving service project NHS gave the children of Kingsley House a party. A major service of the society consists of a tutoring service, maintained to aid students in all fields of study.

Miss Senior Class

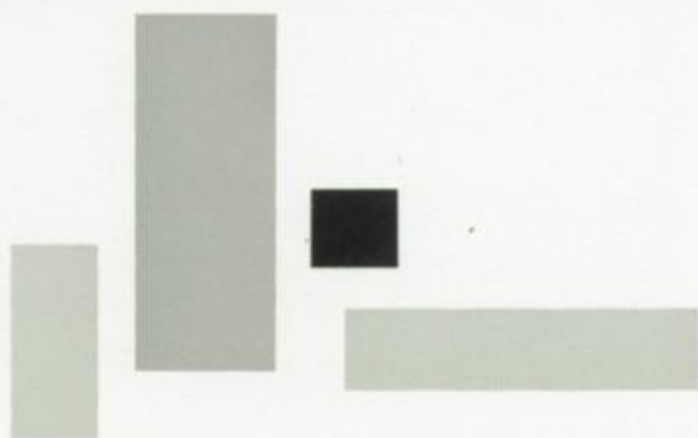

Bright sunny days shine on Carolyn Stone, and she shines on all days. Everyone knows her through her activities in school, such as Student Council president, Mu Alpha Theta treasurer, and as a member of the National Honor Society as a Junior and Senior. Carolyn is also a member of a social sorority.

But there is a more serious and quiet side to her personality. Camping, being alone "on the banks of some secluded river", and snowskiing are her likes. She waterskis and has a surfing travel poster of Hawaii. When she has time, if ever, she draws pictures and does handicrafts and, of course, reads about oceanography.

Her hope for the future is to continue the study of biological and chemical oceanography, which she studied this summer at the National Science Foundation summer seminar.

Carolyn Stone

Betsy Ritchey — Most Intelligent

Monty Williamson — Most Likely to Succeed

Karen Petit — Most Athletic

Senior Superlatives

The "Most Intelligent" Senior, as voted by her classmates, Betsy Ritchey intends to apply her knowledge and skill as a therapist, beginning her studies at L.S.U.

Headed for L.S.U., Miss "Most Likely to Succeed", Monty Williamson, intends to enter the field of elementary education. She has served on the yearbook staff three years and is also active in Mu Alpha Theta, in which she holds the office of Historian.

Karen Petit, voted Most Athletic, intends to teach physical education after graduation from Nicholls State College. She has played in the All-Star intramural competition all three years, enabling her class to win honors in volleyball and basketball.

Eva Williams — Most School Spirited

Diane Matherne — Most Attractive

Alice Escudé — Wittiest

Senior Superlatives

Eva Williams, named the "Girl with the Most School Spirit", was President of both her Junior and Sophomore classes, and is now serving as Vice-President of the Student Council. At L.S.U., she hopes to pursue a career in medical technology.

Diane Matherne, chosen "Most Attractive" by her schoolmates, finds such honors frequent as she was also runner-up in the Belle-Filles Contest and on the Homecoming Court in her Senior year.

Alice Escudé, chosen "Wittiest" because of her prankish humor, has played on the All-Star Basketball intramural team and enjoys all types of sports. Her favorites are, however, golf and tennis, in which she engages while not telling dry jokes.

*Miss

"Warriors Great!" is a familiar cheer often led by two year cheerleader, Dana Dounson. Her display of energy was interrupted at two Fortier games enabling Dana to be on the Homecoming Court as a Sophomore and Homecoming Queen as a Junior.

Membership in Mu Alpha Theta shows she has brains as well as popularity, sparkle, friendliness, vitality, and leadership. Dana is an officer in a social sorority and was the recording secretary of the Sophomore class. Her favorite subject is English, and as pastimes she writes themes and swims.

Janis is a five foot tall, black-eyed, auburn-haired Miss Sophomore Class. She is full of excitement which is transferred through a crowd of people.

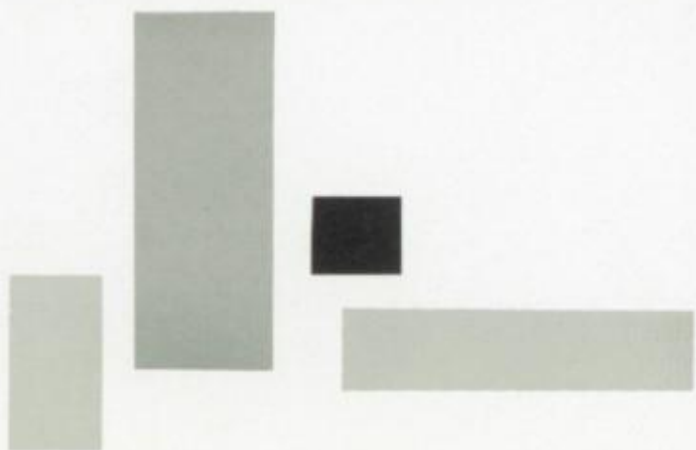

She is a leader as well as a popular worker and displays this as vice-president of the Sophomore Class and her homeroom. Her participation is unlimited especially in Student Council and Sophomore activities.

She lists everything as her likes and then elaborates by naming each, such as, pepperoni pizza, Peter and Gordon, Ray Charles, dachshunds, sincere people, "Misty", chocolate milk, powder blue and black, an XKE Jag, Wegins, surfing, writing letters, Ambush, Jade East, folk songs, playing the uke, and anything else she cannot have. Therefore there is obviously no room for dislikes.

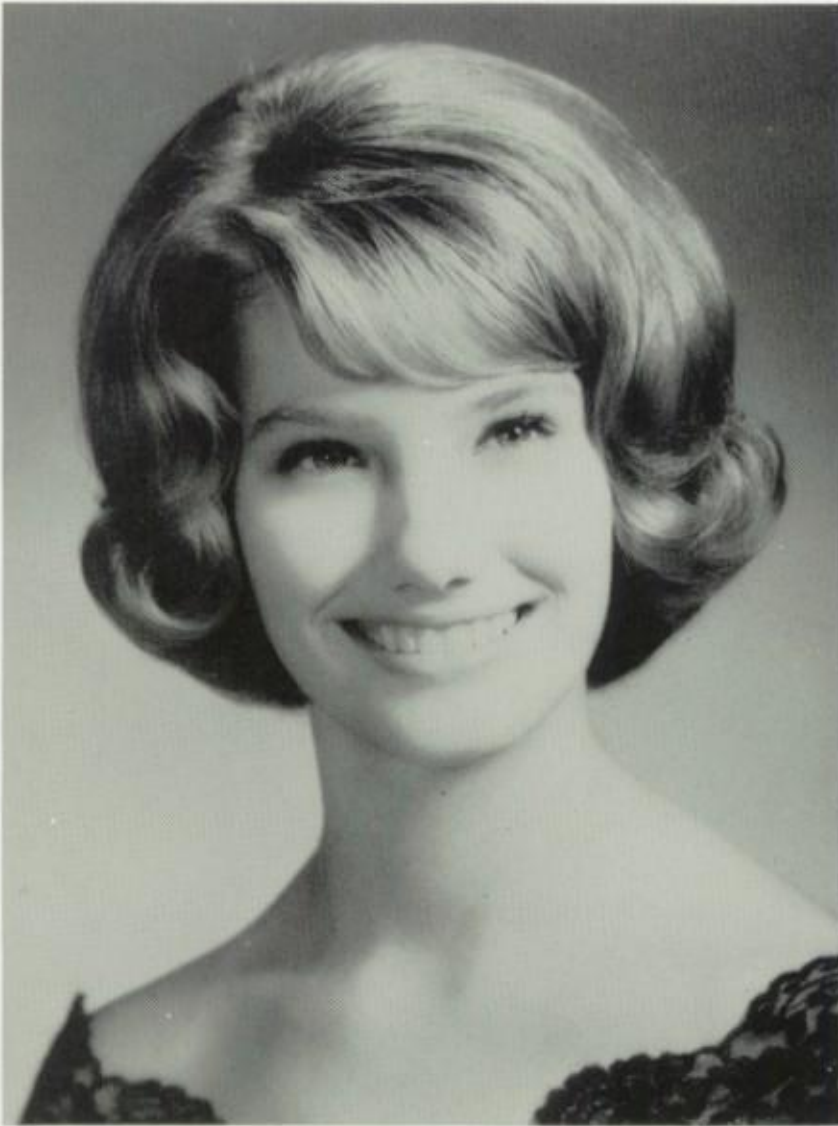

Her future plans are to attend "Ole' Miss" or L.S.U., major in home economics, and be an interior decorator.

The administration executes the management of the functions necessary to continue the maintenance of Riverdale. From this working example, students learn the mechanisms of order and the

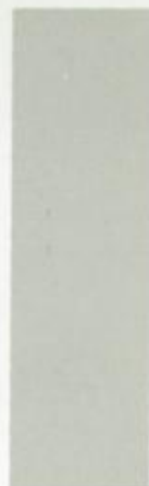

value of efficiency.

The guidance department strives to create harmony and good relationships between students and administration.

The faculty works constantly to impart its knowledge to the students of Riverdale. But the responsibility of the faculty to the student body does not end with the teaching of factual information. The faculty, through example and encouragement, prepares the students for the responsibilities outside the classroom.

Mrs. Kemp obtained a B.A. degree from Southeastern Louisiana College and a Master's of Education degree from Loyola University.

As principal of Riverdale, Mrs. Kemp has been instrumental in helping experiment of Riverdale to be a success.

Executive Leadership Is Provided by the Principal

Mrs. Kemp projects enthusiasm into all school projects.

Mrs. Kemp and Mr. Hubbell discuss the results of Riverdale's evaluations.

Riverdale's budget is a major concern of the principal.

"I feel as though I am a part of Riverdale, and I'm proud of it . . . It has been a great challenge." Mrs. Babette Kesler

In January, Riverdale's Assistant Principal, Mrs. Babette Kesler, was appointed General High School Supervisor of Jefferson Parish. It was with mixed emotions that she accepted this position.

Mrs. Kesler came to Riverdale at its opening in September, 1962. During her three year stay, she took an active interest in all the activities of the students. Before coming to Riverdale, Mrs. Kesler instituted SMSG Mathematics at Metairie Junior High School which has been carried through the entire mathematical program of Jefferson Parish.

Being assistant principal, Mrs. Kesler has upheld her job as treasurer, disciplinary advisor, and consultant, with judgment and sternness. Besides her previous activities at Riverdale, Mrs. Kesler is a member of the American Association of University Women and holds membership in the honorary societies of Phi Beta Kappa, Kappa Delta Phi, and Delta Kappa Gamma.

The yearbook staff dedicates this edition to Mrs. Babette Kesler in appreciation for her efforts in helping to establish and continue the TAM-O-SHANTER.

The speech aspect of English interests many of our students.

As a requirement for the course, students are expected to prepare and present speeches dealing with different occasions, such as presenting and accepting awards, the valedictory speeches, or informative oral reports. In some of the speeches, subject matter is correlated with the curriculum.

Besides class work, students participate in statewide tournaments and have received ratings of "superior" and "excellent" at USL and SLC.

Through preparation and presentation of reports, pupils learn to recognize proper spelling, diction, and pronunciation.

More important than the improvement of tangible grammatical errors, a course in speech gives students the poise and confidence that comes only from the actual experience of speaking before people.

The history classes, in retracing man's experiences from his earliest times, learn not only dates and names, but also the reasons for sociological and economical happenings and how they affect the world.

The government courses emphasize a study of current events and federal, state, and local administration. Economics makes our students aware of the fundamental principles used by man to construct a creative living for himself. Sociology presents the common drives which compel man to strive for his livelihood.

Each student must schedule civics and American history, which offer her understanding of the American governmental tradition. To supplement this already well-rounded program, a communism seminar is provided for students of American history.

The student body personifies the ideals of its school. The community and country can only judge a school by judging its student body. The reputation of Riverdale depends solely upon its students, their activities, and their achievements.

Recognizing the responsibility that the present body holds to the students who will follow, many have put forth untiring efforts to set and maintain high standards and goals.

As a result of determination and hard work students have brought many honors to Riverdale by participation in statewide contests and competitions in addition to participation in countless community functions.

Freshmen Support Activities

Activities include making Thanksgiving baskets for needy families.

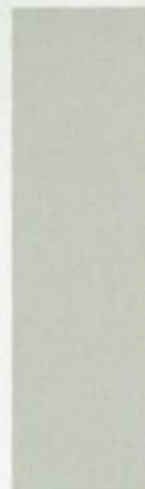

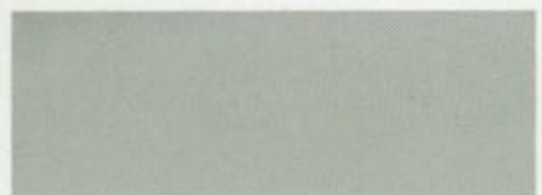

A School may function well within itself, but in doing so, it does not fulfill its duty to the community of which it is a part. The student body of Riverdale High School constantly endeavors to fulfill its role in the life of Jefferson Parish.

But it takes more than a group of interested, willing students to function successfully. Community interest, approval, support, and encouragement are vital factors. Good will between school and community evolves with combined enthusiasm and promotion of ideas and projects.

ABANDONED

Gone the beauty of the earth,
The importance of living, the thrill of each new day;
Gone the happiness I learned to love,
The outward radiance I used to show,
No longer can I sing my happy song
Letting the joy which love brings overflow to others.

Gone? Maybe only hidden for a short while—
Just until he returns to make my life complete again.

All lovely things will have an ending, All lovely things will fade and die, And youth, that's now so bravely spending, Will beg a penny by and by.

Conrad Aiken

Do we?

Do we love or do we hate?
This we ask, and usually late.

Do we give our daily bread,
So that others may live instead?

Do we laugh and find life gay,
Or are we sad, come each new day?

Do we share what God is giving.
In time and talents, love and living?

Do we love life for what life is,
Or are we greedy and want what's his?

Remember that life has lots to give,
But not unless you stop to live.

YOUR FRIENDS

COMPARISONS

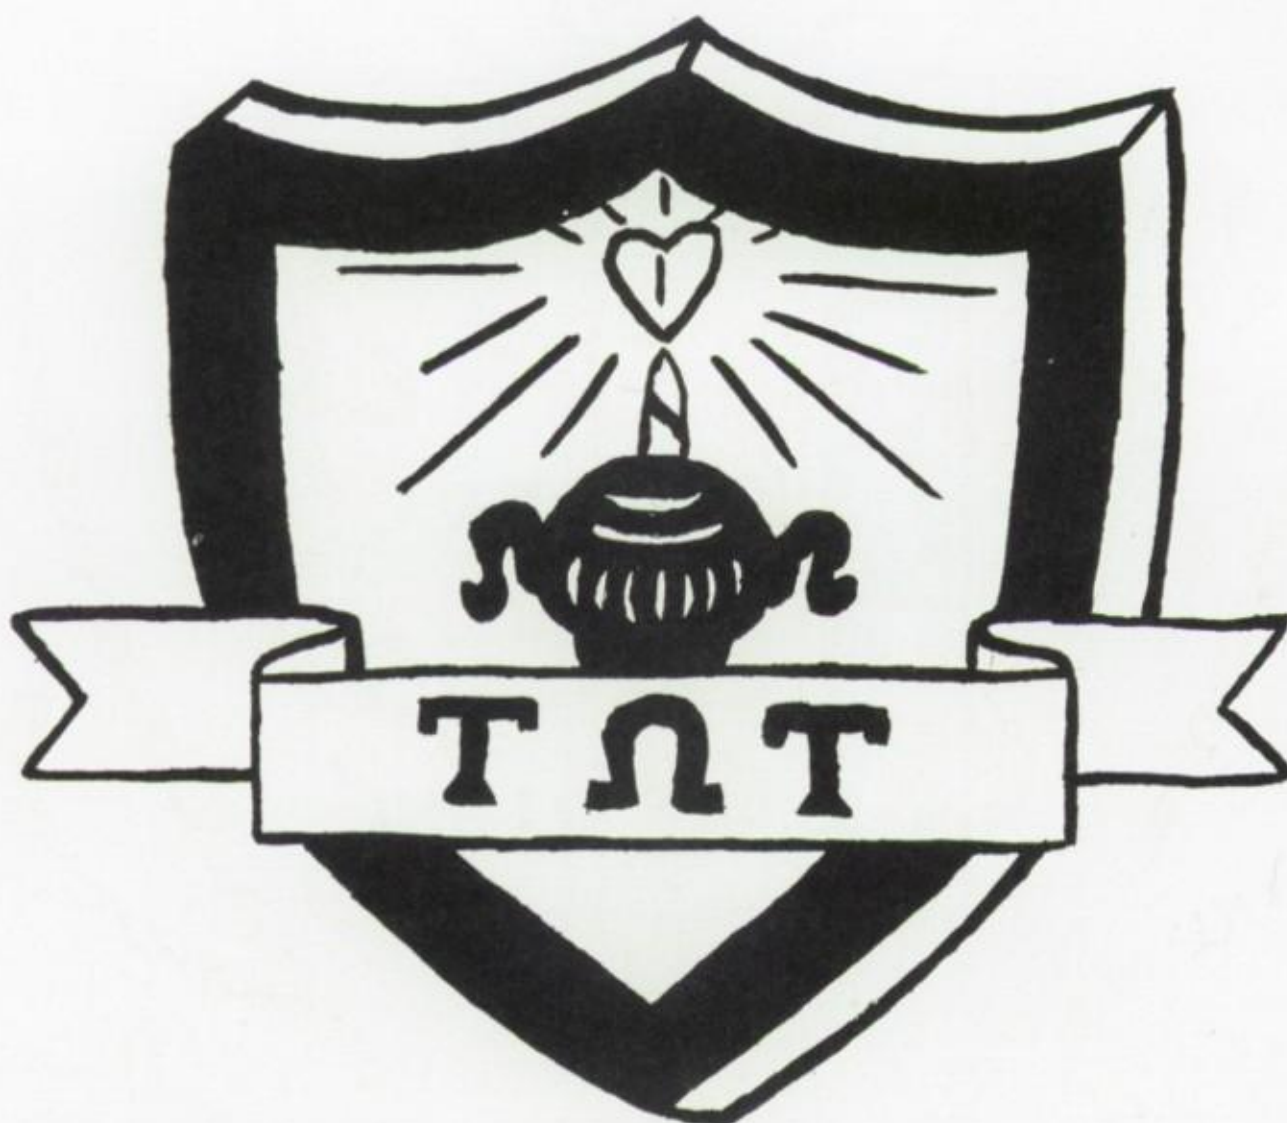

Friendship—Like music heard on the waters,
Like pines when the wind passeth by,
Like pearls in the depths of the ocean,
Like stars that enamel the sky,
Like June and the odor of roses,
Like dew and the freshness of morn,
Like sunshine that kiseth the clover,
Like tassels of silk on the corn,
Like mountains that arch the blue heavens,
Like clouds when the sun dippeth low,
Like songs of the birds in the forest,
Like brooks where the sweet waters flow,
Like dreams of Arcadian pleasures,
Like colors that gratefully blend,
Like everything breathing of kindness—
Like these is the love of a friend.
